

How May We Serve You?

“From the beginning of the Catechesis of the Good Shepherd, it has been a practice of catechists to spend a significant amount of time with each other after the children had left the atrium to discuss, with particular attentiveness, the religious life of the child. This practice has also built deep and sustaining friendships among the catechists. So often, when catechists gather, there is this feeling of “we have already met” that is experienced and celebrated.”
